#### THIRD SCHEDULE<sup>4</sup>

#### CUSTOMS AND EXCISE DUTIES ACT Value of Imported Goods [Section 5]

#### 1.–(1) In this Schedule,

- (a) "Customs value of imported goods" means the value of goods for the purposes of levying *ad valorem* duties of customs on imported goods;
- (b) "produced" includes grown, manufactured and mixed;
- (c) "identical goods" means goods produced in the same country which are the same in all respects, including physical characteristics, quality and reputation. Minor differences in appearance shall not preclude goods otherwise conforming to the definition from being regarded as identical;
- (d) "similar goods" means goods produced in the same country which, although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable. The quality of the goods, their reputation and the existence of a trademark are among the factors to be considered in determining whether goods are similar;
- (e) "identical goods" and "similar goods", as the case may be, do not include goods which incorporate or reflect engineering, development, artwork, design work, and plans and sketches for which no adjustment has been made under paragraph 8(1)(b)(iv) because such elements were undertaken in Belize;

<sup>&</sup>lt;sup>4</sup> This Schedule was amended by Act No. 27 of 1991.
